QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for Indigestion or Biliousness.

Doctors were scarce and they seldom heard of Appendicitis, Nervous Prostration or Heart Failure, etc. They used August Flower to clean out the system and stop fermentation of indigestible food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches.

You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. For sale at Penny's Drug Store, Stanford.

Senator Scott says Gen. Sickles lied about the promise to remove Commissioner Evans.

During the past five months trusts have been organized with an aggregate capital of \$2,000,000,000.

Col. J. W. Caperton, of Richmond, has declined to accept the republican nomination for representative. A sensible conclusion.

Judge Cochran, the new Federal judge of the Eastern district, will retain in office Clerk Chapman at Frankfort and Clerk Finney at Covington.

Gen. Dan R. Collier, ex-surveyor of the port of Louisville, and adjutant general under Bradley and Taylor, has been made a storekeeper and gauger.

F. Weaver has been postmaster at Nebraska, O., under 11 different administrations. His first appointment was made by President Buchanan, September 11, 1858.

The identity of the democratic candidate for president in 1904 is not yet known, but it is known that whoever he is will be a democrat nominated by republicans for republican purposes only.—Commoner.

Ex-Mayor Joseph L. Rhineck, a McCleary man, defeated M. L. Harbeson for State Senator in Kenton county Saturday. Mr. Harbeson is a Cantrell man. Three representatives, also favorable to Gov. McCleary for U. S. Senator, were nominated that day.

Five thousand citizens of Philadelphia met and inaugurated a revolt against Quayism by nominating P. F. Rothermel, Jr., for district attorney to oppose John Weaver, the Quay candidate. Postmaster General Smith sent a telegram signifying his unqualified approval of the movement against the Quay forces.

The law dividing Kentucky into two Federal judicial districts became effective yesterday. Court in the Eastern district opened at Covington, and the ceremonies attending the installation of the new officers were witnessed by numerous prominent lawyers from every section of the State. Judge Evans administered the oath to Judge Cochran.

Letter From Bro. Barnes.

The following to Mrs. M. E. Welch will interest his many friends and admirers here and elsewhere:

Yours of recent date followed me from Sanibel.

It is too hot to write at length, but I will briefly answer your question concerning Dr. Dowie as Elijah, the Restorer. Everything turns on whether one is expecting the Lord to come again, soon. I believe that with all my heart.

Then, if He comes, He is bound to have a man to go before Him to announce His coming. And that man is, like John the Baptist No. 1, called in Scripture, "Elijah," "Scripture can not be broken."

It is not a question of whether we approve everything Dr. Dowie does or teaches (we are not called on to make a Pope of him), but whether, looking the world over, in the full conviction that our Jesus is coming back to reign, we know of any man who "fills the bill," as does Dr. Dowie, on the Elijah pattern. I have just read No. 5 of "Zion Banner" and the remarkable defense he makes there, against his accusers, and no one can read of his work as therein set forth, in an honest, unprejudiced spirit and not acknowledge that he stands alone as a witness for God and against all evil.

Remember his own message is thus: "Repent for the Kingdom of Heaven is at hand;" and there can be no repentence without a clean cut message as to sin or sins. It is not a sinner's "repentance" or change of mind, "toward God," but confession, forsaking of sin in every form to be fit for meeting the coming King.

All our minor criticisms, just or unjust, of Dr. Dowie's methods sink into their proper place of insignificance when we keep the main fact in view.

There! it is too hot to write more. We miss the Gulf breezes, here, but are very happy in our reunion.

THIS AND THAT.

Carnegie's new home in New York City will have 80 rooms.

Herbert's fruit packing house at San Jose, Cal., with 450 tons of fruit, burned.

The old yacht Columbia beat the new cup defender, the Constitution, in a 30-mile trial spin.

Joe Walton, colored, was lynched near Triplett, Va., on a charge of invading a young lady's bed room.

The people of Christian county will hold a big meeting at Hopkinsville to celebrate the freeing of county turnpikes.

John Henry, colored, killed his wife in Clark county and fled to Winchester and surrendered to escape a mob which was pursuing him.

Eleven lads who had sought shelter on a pier at Chicago during a storm, were killed by the same bolt of lightning. A twelfth boy was fatally injured.

From midnight Sunday till noon yesterday 23 deaths from heat are reported in New York and Brooklyn. Twelve died at St. Louis, seven at Philadelphia, three at Cincinnati and two at Pittsburg.

In court at Cincinnati, Mrs. Etta Schatzmann, suing for divorce from Harvey K. Schatzmann, showed that for 15 days the total cost of food for herself and 5 children amounted to 74 cents, her husband refusing to allow her more provisions. He was in the habit of buying food, locking it in the safe and giving out so much at each meal for his wife and children.

A LOUISVILLE jury very promptly decided that the Courier Journal did not libel Rev. John T. Stamper and the Georgetown preacher will have to resort to other means in his effort to secure \$25,000 or any part thereof. The paper published that Stamper had promised Wharton Golden \$5,000 to leave the State and not testify against Caleb Powers and that he had stated under oath at the Powers trial that he had offered Golden \$5,000 not to testify. All the charges made by the Courier-Journal were sustained and now Stamper realizes no doubt that a preacher had better spend his time trying to save sinners than using his efforts to get money out of a newspaper which has never wronged him but which on the contrary has helped him by letting the outside world know that there is such a being as Rev. John T. Stamper, of Georgetown.

The president is occupying that narrow strip of land between the devil and the deep blue sea. If he remove Commissioner of Pensions Evans, it will show that he did promise the G. A. R. his head in consideration of its vote and if he does not, the G. A. R. threatens all sorts of dire consequences. Gen. Sickles says if he is not immediately removed the republicans will lose the next Congressional election and he has so informed Mr. McKinley. All of which is cumulative evidence that the G. A. R. is out for the stuff and will sell to any party that will promise it a key to the treasury to loot at will.

THIS comes from Indiana, where they harbor thieves, assassins and sons of guns generally: The attention of the grand jury at Indianapolis and of the attorney general has been called to serious charges. It is claimed that a conspiracy exists by which sane people are made the subjects of lunacy inquests for the sake of the fees obtained by those in the conspiracy. Seventy-five per cent of the lunacy inquests in Indianapolis are said to be held before one magistrate, and the witnesses and physicians are said to be nearly always the same.

THE unusual sight of a preacher in his pulpit dressed in a shirt waist was witnessed in St. Louis Sunday when Rev. James N. Crutcher appeared and preached in one. He had previously advised the men of his congregation to leave their coats at home and the women their hats.

THE removal of various stamp taxes reduces the revenues of the country about \$40,000,000, for which an overtaxed public is duly thankful. Small favors are appreciated but the people would be happier if the reduction had been doubly as great.

EMMETT ORR, of Owen county, has been rewarded for leaving the democratic party. He is to be assistant deputy to his majesty, Bolter Steve Sharpe. T. A. Mitchell, of Vancburg, is Sharpe's chief deputy.

OLD topers will be distressed to learn that only 25,000,000 gallons of whisky will be made next year. This is the amount agreed upon by independent distillers and the whisky trust. Of this the trust will make half.

PRESIDENT E. R. THOMAS' bank at New York went broke, but that did not prevent his marriage the same week to Miss Linda Lee, of Louisville, who journeyed to the metropolis to become his bride.

A COMPANY with a capital stock of \$2,000,000 has been organized to raise cane in Cuba, notwithstanding the United States has spent millions of dollars trying to stop the raising of Cain by the natives.

THE MT. VERNON Signal has quit printing Talmage's sermons and substituted those of Rev. A. J. Pike, of Brodhead. A good change.

A resolution to prohibit newspaper men from accepting railroad passes has been introduced in the Alabama constitutional convention.

MR. J. B. MCKINNEY, proprietor of the McKinney Roller Mills, has made extensive improvements in his mill and it is now one of the best arranged small mills in the country. He believes in using the best only and the machinery he has recently put in is of the finest and most approved kind.

WAYNESBURG MACCABEE PICNIC.—Notwithstanding the thermometer played around the 100 mark all day Saturday fully 1,500 people attended the picnic given by Waynesburg MacCabee Tent, No. 55, and enjoyed the day to the fullest extent. The grounds selected were shady and pretty, there was an abundance of good things to eat, lots of good looking women were on hand and the best of order was preserved. It was a big day in the Southern end of Lincoln and a good advertisement it will prove for the excellent order of MacCabees. Speeches were made by a half dozen gentlemen, including Revs. W. R. Davidson and T. M. Smith and Henderson P. Young, while recitations by several young ladies, were enjoyed. Numerous outdoor sports were engaged in by those fond of athletics and the old and pleasing "game" of courting was played over and over. The Crab Orchard band under charge of Prof. Riggs, dispensed sweetest of music, and good singing was a feature of the occasion. The dinner was a first rate one; too good in fact for the low price of 25¢ charged. The booth men sold two big glasses of lemonade for 5¢ and other things as cheap. We fear the MacCabees did not make much money, but they succeeded admirably in making all present have a good time. The lodge and its members are to be congratulated on the success of the day. We are under obligations to numerous gentlemen for courtesies and to Mr. E. B. Caldwell, Jr., for good things said in behalf of the "cheapest and the best."

A GOOD crowd is at Crab Orchard Springs and Manager J. B. Willis is feeding well and leaving nothing undone that would add to his guests' pleasure. Some 75 or 100 are booked for this week and this delightful summer resort will soon look like it did in years gone by when the wealth and aristocracy of the South gathered there each summer. The music is a delightful feature of the Springs this year and those who love to trip the light fantastic can do so to their heart's content. Regular hops are held each Friday evening, but the ball room is a scene of pleasure six nights out of seven. Among the guests present well-known in Stanford are: Mrs. W. P. Walton and children, Mr. and Mrs. James H. Baughman, Stanford; Judge Lee and son and Mr. and Mrs. C. C. Fox, Danville; Mr. B. L. Banks and bride, Richmond; Mr. G. R. Jeter, Middleburg; and others.

WILLIAM P. DARST, who spent 18 months in the Philippines as a member of Co. M, 40th Regiment, arrived home Saturday night looking not much the worse from his experience as a soldier. He was in several bloody engagements, but escaped unharmed. "The most painful wounds I received were from mosquitos," he remarked.

REV. GEORGE O. BARNES writes as follows: "We reached Washington City, all of us, on the 21st. All well. A happy meeting with Marie after 18 months' separation." His address is 1731 Q. St. N. W.

THE Ada, I. T., Star, says that W. H. Kennedy, formerly of McKinney, had a narrow escape from drowning while swimming in a tank near there. He and a friend were both taken with cramps and were going down the second time when help reached them. It was a close call, the paper says.
